Connecting Spain and Canada

Connectivity, service and travel experience for companies and professionals

At Air Canada, we are proud to be part of the Spanish Chamber of Commerce in Canada and to join a community committed to strengthening business and commercial relations between Spain and Canada.

As Canada's largest airline and a founding member of Star Alliance, Air Canada supports business travel, trade exchange and institutional relations between Spain and Canada through an extensive network of flights and connections.

From Madrid and Barcelona, we offer year-round direct connections to Montreal, complemented by seasonal routes to Toronto and services from Palma de Mallorca and Tenerife. Through our Montreal and Toronto hubs, travellers can connect to numerous destinations across Canada, the United States, Latin America and the Caribbean.

This year, we will also operate flights between Barcelona and Toronto during the Christmas period, increasing travel options for this very special time of year.
